

# First Coast Infectious Disease Clinical Microbiology Symposium

## February 1-2, 2019

### Conference learning objectives:

1. Discuss the process for antimicrobial development and the use of new antimicrobials for treatment of infectious diseases.
2. Describe the role of the clinical microbiology laboratory in antimicrobial stewardship and implementing initiatives.
3. Discuss the utility, strengths and weaknesses of genomic testing for infectious disease diagnosis
4. Explain best practices in the utilization of interferon gamma release assays
5. Summarize key laboratory accreditation regulations and the steps involved in CPT code development

**Type of activity:** Knowledge

**Schedule of educational activity:** See [conference agenda](#)

**Target audience:** Pharmacists, Physicians

### Continuing Pharmacy Education:

Activity Title	Contact Hours	UAN
Day 1: First Coast Infectious Disease Clinical Microbiology Symposium	2.5	0012-0000-19-004-L04-P
Day 2: First Coast Infectious Disease Clinical Microbiology Symposium	5	0012-0000-19-005-L04-P

**Requirements for successful completion:** Partial credit will not be awarded to pharmacists.

Participants will only receive CPE credit for the activities attended.

To receive credit, participants must sign into the conference each day, demonstrate full and satisfactory participation, and complete an online program evaluation.

### Continuing Education Accreditation

The University of Florida is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

The University of Florida College of Pharmacy will report continuing education credit to CPE Monitor within 60 days following the activity. For pharmacists registered in Florida, credit will also be reported to CE Broker.
